The Nexus One phone launch has been a much anticipated event. The Google phone has been quoted as having an eye-watering list of excellent features, including:

- 1 GHz Snapdragon powered phone
- HTC build
- Android handset (Android 2.1)
- 3.7 inch display (480 x 800 resolution)
- Dimensions: 11.5mm x 60mm x 119mm
- Trackball
- 512Mb RAM, and ROM
- WiFi, 3G
- AGPS chip
- microSD slot
- 5 megapixel camera.

More information about the Google Phone to come shortly!
